LICENSE TAG DEADLINE HAS EXPIRED WARNS SHERIFF EGLOFF

Sheriff John Egloff said today that his deputies will work with the State Highway Patrol in picking up owners and drivers of automobiles with delinquent license tags.

A thirty day grace period, from Oct. 31 through Nov. 30, has expired and all cars without 1956 license plates will be subject to fines. Persons desirous of obtaining the 1956 tags can do so by applying at the Sheriff's office. There will of course be a fine for delinquent purchase of these tags.

ARTICLE APPEARS IN 'SEVENTEEN' MAGAZINE

A Bay St. Louis girl this month reached the heights when an article written by her was printed in a National magazine.

Miss Patsy Shadoin, daughter of Mr. and Mrs. J. R. Shadoin, was the author, and an article on "Faith" written by her appeared in the December issue of Seventeen magazine.

In her article, "The Promise of Faith," Patsy tells of her gropings to find faith and the sources from which it stems.

The writing is a section of a four piece article written by four students selected by Seventeen Magazine from the best of hundreds of such articles submitted to them, at their request earlier in the year.

Patsy was a graduate last year of St. Joseph Academy. She is now a student at the University of Alabama. During her high school years she was president of her class, feature page editor of the school paper, and member of the social committee.

Always interested in her church, she is an Episcopalian and a member of Christ Episcopal Church in Bay St. Louis. Patsy represented the young people of the church at many of their district and state councils and meetings. She served during her senior year of high school as president of the House of Young Churchmen of the Episcopal Church for Mississippi, and represented them at the National Episcopal Youth Convention.

At the University of Alabama where she is a freshman this year, Patsy is quite well known and appreciated. She is a member of Pi Beta Phi Sorority, one of ten finalists as the Sweetheart of Sigma Chi, and has been nominated for the Crescent Girl of Lambda Chi Alpha.

Christmas On High Seas Is ARC Project

Eight lucky servicemen enroute overseas will receive attractive gift packages on Christmas morning, thanks to the generosity of local organizations who responded to the recent Red Cross appeal for the Christmas-on-the-High-Seas project.

Filling the assigned quota for the Hancock County Chapter, the eight boxes were donated by Women's Benevolent Association, Adult Women's Group and the Young Women's Group of the Methodist Church; Delta Sigma Chi Sorority (2), Mmes Etta Maspero and Karl von Mettradt (Red Cross Sewing Group), and Grey Ladies of the Red Cross Hancock County Chapter.

The nationwide project is sponsored each year by the American Red Cross, through its local chapters, to assure a happy Christmas for servicemen at sea on Christmas morning. In each gift a card is enclosed showing the name of the local organization donating it. Each local Red Cross chapter ships its quota of gifts to a specified port of embarkation, where they are put aboard ship and distributed on Christmas morning.

Mrs. J. M. Bishop, chairman of Entertainment and Supply Committee of the local Red Cross Chapter, was in charge of the gift collection.

FINAL TURKEY SHOOT TO BE HELD SUNDAY

The local American Legion announced this week that they will sponsor their final Turkey Shoot at 2:30 p.m. Sunday of Scaife Service Station on US 90 west.

Lights Blaze Along Beach City Decks for Yule Season

This week lights of all colors relevant to the Christmas season glowed in Bay St. Louis.

Main St., the Beach, Necaise and Railroad Ave. were small replicas of the Great White Ways and main thoroughfares of large cities with their warmth of color and light strung out for the festive Yule season.

Attachments of loud speakers from radios and music machines are peeling Christmas Carols in

the evenings, and together with the gaily colored lights it brings the realization that Christmas is just fifteen days in the future, and before we are really well aware of its nearness it will have become present rather than future.

Shops and store windows of the town are displaying attractive and enticing gifts. One meets shoppers wherever one turns with all the excitement that

Christmas shopping gives to those who are remembering old and new friends as well as the loved ones of the families.

Of all the seasons of the year the joys that come with the beauty, sacredness and inner satisfaction there is none to compare with those that are expressed by outward signs in giving and sharing happiness on the birthday of our Saviour, Jesus Christ.

Amas Aid Admisson to Movie

Through the cooperation of the A & G Theatre management, the St. Louis Rotary Club will, Wednesday, December 14, sponsor a movie to help secure food for the Christmas Baskets distributed by the local churches.

Time of the show will be announced at each local school. Horatio Favre of the A & G management has arranged for a feature movie and cartoon to fill out a complete and enjoyable show.

Admission to the show will be a can, a sack or a package of food. Santa Claus will be on hand to collect the food. All food collected will be equally divided among the Baptist, Catholic, Episcopal and Methodist Church groups to use in the baskets of food they will distribute to the needy at Christmas time.

Charity Begins at Home

Seek Aid to Provide Home For Hancock Co. Family

By CHRISTOPHER BELL

If any of you believe that charity begins at home, now is the time to prove it. Edward Poolson of Edwardsville, died a few months ago and his family is in want.

Poolson had both legs amputated before death. He had been working as a part-time county foreman. Now the oldest boy, a fourteen-year-old, is trying to take his place, having left school and gone to work. There are five children in the family.

The widow received \$1,000 insurance benefits which, unfortunately, served to cut her off from any welfare.

This is a land of plenty, but for everybody, apparently. If you could see the condition of the Poolson family, you would wonder why in the world were sending aid to Asia when only a hop-skip down the road an American family is trying to live in an unlivable shack and call it home to boot.

Mrs. Poolson decided to use the \$1,000 to repair the house. She asked her next door neighbor, Norvin Fayard, to help her do this.

Fayard realized that it couldn't be done for that amount of money; in fact, that the cheapest thing to do was start from scratch and try to build another home for the family. He took the family into his own home and set about to try to do this.

He approached a group of interested citizens who are going to try to raise \$500 additional cash which, with the \$1,000, will be enough to put up the house.

And, of course, the reason it can be done for this amount is only because contractors, building supply people, carpenters, plumbers and electricians have all volunteered labor and material free of charge to this unfortunate family.

It is hoped that others will offer clothing and food for the children, so that Christmas and the years to come will be something to remember, instead of something to try to forget.

We hope that you will send your contributions before Christmas, and in care of Roland Lafontaine, 439 de Montluzin Ave., whose phone number is 777.

quired, but because of its flexibility it is impossible to state a single prerequisite in undergraduate science or mathematics courses, he said.

"We want to emphasize that this is not a 'watered down' graduate program by any means," Dean Hutcherson emphatically pointed out. "The only difference in it and those already offered is the flexibility of curriculum and emphasis on courses most helpful to teachers. Students interested in research, college teaching or in positions in industry should enroll in the regular master of science program, however."

The new program is designed to be completed in one full academic year or three twelve-week summer terms.

ing and members of the immedi-
ate family were guests on the oc-
casion, and the event was cele-
brated with a cocktail party fol-
lowed by a supper. The Simon

hued blooms, throughout, and
Mrs. Kelleher received her guests
in a navy blue cocktail frock fash-
ioned with inserts of lace and
worn with a shoulder corsage of
orchids.

Fifty years ago this couple
were married at the home of a

COTTON MARKETING QUOTA REFERENDUM TO BE HELD

The outcome of the cotton mar-
keting quota referendum to be
held throughout the Nation's cot-
ton-growing areas on Dec. 13 will
determine whether quota pen-
alties will apply and also the level
of price support for 1956-crop
cotton. The referendum therefore
is of vital concern to every cot-
ton grower, says Fitzhugh Lee,
Chairman of the Hancock County
Agricultural Stabilization and
Conservation Committee.

The marketing quota program
will be in operation for next
year's crop, the chairman explains
if at least two-thirds of the votes
cast in the referendum are in
favor of the program.

FLY FLY FLY—

The annual Fly-Fly-Fly-Inn-
classic, which was originated by
Brother Peter, many years pres-
ident of St. Stanislaus, to pay for
Christmas baskets for the poor of
Hancock County was held Sun-
day, Dec. 4 at Rockchaw Stadi-
um, with kickoff at 1:30 p.m.

For a great many years, the
program was sponsored by St.
Stanislaus, who, this year, co-
sponsored it along with the Bay
St. Louis Knights of Columbus.

The day's festivities began with
a motorcade proceeding from St.
Stanislaus to the stadium, follow-
ed by flag raising ceremonies by
Clement R. Bontemps Post 139,
The American Legion.

Then began the annual clash be-
tween the Flies and the Flies.
It consisted of six periods, during
which each of the three, Flies
team and three Fly teams partici-
pated.

Each of the 6 teams played
twice, and the only team who
scored was the Flies. The first
string of the Flies scored twice,
and the third string scored twice.

In the last period, Ronnie Ar-
tigue, first string quarterback
for the first score of the game.
The Flies, galloped 35 yards
The extra point attempt failed.

The Flies scored again in the
3rd quarter. The Flies' third
string scored on a 30 yard run
by Neice, Fly halfback.

During the second half of play
the Flies scored twice more. These
two scores were made by Ronnie
Artigue and Neice. The game
ended with the Flies on top 25-0.

Thus ended this year's annual
Fly-Fly-Fly-Inn, and it also ended
the 1955 football season in Bay St.
Louis.

TWO LOCAL GIRL SCOUTS RECEIVE HIGH HONORS

Two Bay St. Louis girls receiv-
ed high honors this week when
they were selected to appear as
representatives of the Live Oak
Council of Girl Scouts at the
Senior Round Up, an affair of in-
ternational importance next July
in Pontiac, Mich.

The girls are Cleta Kay Miller,
and Celeste Chevis, alternate,
who was chosen as representative.
The selections are made by vote
eligible to vote on girls in their
troop. This selection of girls
receiving the largest number of
votes from fellow scouts is pas-
sed on to the Council and a se-
cret vote taken by the Council
members. Qualifications of the
candidate's ability to absorb and
bring back to other members of
their troop their findings at the
round up are given grave con-
sideration.

Cleta Kay and Celeste are both
Curved Bar Scouts, the highest
they can attain in the Girl Scout
Organization.

The Neighborhood Council of
Bay St. Louis participated with
Live Oak Council in the selec-
tion. Both girls are members of
Oak Council, which includes from
Bay St. Louis Troop 1 of the Live
Biloxi to the Louisiana State Line.

Two other girls chosen to rep-
resent Live Oak Council at the
Round-Up were Barbara Allen, a
former member of the Bay St.
Louis Troop who moved this past
year to Gulfport. Her alternate
is Mary Robertson of Gulfport.

The Round-Up is being held for
the first time in 1956 and girls
from all parts of the globe will
be present. The Round-up will
be held at a State Park in Pon-
tiac and will begin July 1.

RENE DE MONTLUZIN SR. CELEBRATES 90TH BIRTHDAY
Amid a veritable flood of telegrams, cards, telephone calls and visits from friends, Rene de Montluzin Sr. began his ninety-first year on Friday, Dec. 2. Still in excellent health and spirits, "Mr. Rene" enjoys the distinction of being Mississippi's oldest pharmacist and one of Bay St. Louis' oldest citizens.
Born in St. James Parish in 1865, a few years after his parents had come to Louisiana from France, Mr. deMontluzin was one of a family of six children. His father established a boys' school in New Orleans and in 1874 brought his family to Bay St. Louis to live. The drug store, then called an apothecary's shop, was purchased in 1878 and is now being operated by the third generation.
Mr. deMontluzin has seen many changes in his lifetime and many people notable in our country's history. He has survived small pox and yellow fever epidemics, wars and depressions. His life has been spent in work at his profession of pharmacy and in devotion to his family and community.

December meeting of Our Lady of the Gulf Altar Society and St. Margaret's Daughters was held in the Parish Hall on last Thursday with a splendid attendance.
Msgr. Michael McCarthy opened the meeting with prayer.
Mrs. V. J. Piazza presided over St. Margaret's Daughters meeting and told of the recent Veterans party sponsored by the organization. Mrs. Piazza also reported on several charity cases and presented the names of two orphans to whom individual gifts of clothing would be sent.
Mrs. G. F. Stevenson reported for the Altar Society that a complete inventory of church property had been made by Mrs. Thos. Schafer, Inventory Chairman, and a committee of workers.
Miss Kathleen Renshaw reported that the membership dues for 1955 had been collected almost 100%.
Dues for 1956 will be due in January for both organizations.
Mrs. Jake Morreale reported that the altar boys apparel had been checked and necessary repairs and replacements were being made.
A short and interesting program was given by Mrs. Bernard Farrelly on the Advent Wreath and Brass Candle Holder which she had brought from Denmark.
After adjournment, Mesdames Chas. Bouis and M. Chinichie served refreshments from a Christmas table and the members enjoyed a nice social hour.

THE COUNCIL AT A REGULAR MEET
The Council at a regular meeting of the Parents Club of St. Joseph Academy held its regular monthly meeting Tuesday afternoon at the Convent in the Library.
A check was given Mother Superior by the organization as a Christmas gift.
A portion of this year's project undertaken by the Club was the purchase of lockers for students of the academy. These lockers have been installed, and were paid for at this meeting.
Workers for the Carnival Ball were named to the various committees, and the date of the ball is set for Feb. 10.
Attendance prize was won by Mrs. Vir's fifth and sixth grade classes.

WANDERINGS

by

GEORGETTE B. HALL

Congratulations to Mr. and Mrs. Cornelius Herlihy upon the beautiful remodeling job that they have done to their mercantile store on Coleman Ave. The addition of so much glass gives light and beauty to their building and gives those inside a long clear

view of one of the busiest sections of Waveland.

Mr. and Mrs. M. Ruppel were in New Orleans Saturday to attend the wedding of their grand daughter, Miss Lady Lynn Ruppel, daughter of Mr. and Mrs.

HOME AGENT'S NOTES

IDA LAUREN GARRAWAY

Hancock County

Let's make this a Holiday Safety Column.

The holiday spirit is appearing all about us now—in our homes, the stores, the lighted, decorated streets, the parties—and in lots of other places.

With this goes the hustle and bustle of crowds, confusion and tiredness that easily leads to accidents. And none of us want to mar our own or our friend's and family's holiday season with accidents. It just pays to plan against them.

Safety Against Fire

One step toward safety against fire is to buy or make your Christmas decorations so that they are fire-resistant. Place Christmas greens away from candles and electric light bulbs and away from heat or sparks from fire places.

As you arrange your dinner table centerpiece, remember that fires have been started by a combination of greens or paper decorations close to lighted candles. Be sure Santa has a fire-safe costume. Sometimes Santa suits of untreated napped fabric, or whiskers of untreated cotton batting have proved hazardous.

For fire protection have plenty of good sized, steady ash trays around any room where a crowd will gather.

A Beautiful Tree

All the family from the littlest one to the oldest loves a beautiful decorated Christmas tree. As you select your tree if you buy

Albert J. Ruppel, of New Orleans and Mexico. Miss Ruppel was married to Navy Lieutenant N. Stadman, of Pineville, La. The ceremony was performed in St. Martin's Episcopal Church, Metairie, Louisiana. Following the ceremony a wedding dinner was enjoyed at Arnaud's Restaurant.

The young couple will reside in Cambridge, Md.

—W-W—

Best wishes for speedy recoveries are extended to these Waveland ladies who are on the sick list this week: Mrs. H. Guenard Jr., Mrs. Tom Bourgeois and Mrs. Ed Phillips, who is in the hospital in Gulfport.

thriftless Christmas trees that have toppled over in doorways have sometimes blocked exits when fire has broken out.

Check the Christmas tree lights to be sure they are in good repair with tight sockets and all insulation intact. Make sure not to plug too many lights into a single wall outlet.

Safety About the House

All steps and stairways in the house need to be well-lighted and free of toys and other items that might turn an ankle or catch a heel and cause a fall. It's well to remember that visitors don't know their way around your house as your family does, so they need extra protection against any possible fall hazards.

If you wax floors before company comes, use a thin layer and polish so thoroughly the floors are no slippery. Be sure there are no skid rugs, hazardous especially to older people. Avoid any extension wires that can be trip hazards or fire hazards.

Kitchen Safety
All the familiar rules about safety in the kitchen apply especially to the holidays when this room gets heavier use and often is more crowded.

To avoid falls wipe up promptly food that happens to spill on the floor, especially grease. Make sure that young children are well away from the stove when the oven door is opened for the Christmas ham or turkey to come cooking on top of the stove.

The increase in cooking for Christmas often brings on a large number of burn injuries caused by hot grease fires. What should the cook do in case of grease fire?

If it is in the oven, close the oven door to exclude the air and stop the fire. If the fire is in a skillet on a gas or electric stove, first cut off the stove. Then put a cover on the skillet.

the clean, blue flame of natural gas is the biggest bargain in your home today... just as it has been for many years.

While the price of nearly everything else you buy has increased greatly over the years, natural gas service is still selling at 1935 rates—and lower. Our residential and commercial cus-

tomers, on the average, are now paying less per thousand cubic feet of natural gas than they did 20 years ago.

Natural gas serves the homes and industries of the Gulf South—serves them dependably and economically.
